Afterward: Teams Channel, CM online resources, Wiki, Padlet Boards & readings available for the rest of the academic year.

Notes on our Gathering

All Group Sessions will be via ZOOM (links will be provided). Zoom rooms will open 5 minutes before start time.

RECORDINGS: Recordings of the sessions, session chats, slides & materials, will be available for as long as you want to access them post-event via the TEAMS channel (they will not be circulated beyond this group).

APPROACH: Changemakers operates on the expectation that all of us work with kindness, appreciative listening, and respect - of difference, of confidentiality. And that we cultivate an openness of mind to experiences, conversations and encounters.

FORMAT: Group sessions will begin by connecting with ourselves mindfully. Small group discussion is also likely (with a different group of people from your coaching circle), as is quiet working, invitations to contribute to chats and documents, and full-group discussion. There will be time to get to know each other ahead of small group discussions, and opportunities to contribute during 'offline' hours.

The TEAMS channel will be the first source of information before and during the residential. As a group we will be collaborating via the TEAMS via chat, zoom session chats, and using a shared Padlet board (the links to Padlet will be provided, and no sign ups are necessary). You're encouraged to be active on the platforms, including interrogating the process, sharing ideas, tips, sources.
